

FACT SHEET: **Highways**

US 101/Zanker Road Interchange Project

Overview

Santa Clara Valley Transportation Authority (VTA), in cooperation with the City of San Jose and California Department of Transportation (Caltrans), proposes to construct a new interchange connecting Zanker Road and Old Bayshore Highway with North 4th Street and Skyport Drive on United States Route 101 (US 101) in San Jose.

Objectives

The purpose of this project is to improve roadway connectivity, traffic operations and circulation by constructing a new interchange and overcrossing bridge across US 101 to improve the limited existing connectivity across US 101 to the North San Jose employment centers. In addition, the interchange would improve access to Mineta San Jose International Airport from US 101.

Project Features

The proposed improvements include, but are not limited to, the following:

- Construct a new interchange at US 101/Zanker Road/Old Bayshore Highway/ North 4th Street/Skyport Drive
- Modify existing on- and off-ramps at North 1st Street/E. Brokaw, North 4th Street and Old Bayshore Highway
- Modify existing local street intersections in the area, and
- Construct retaining walls as needed.

Project Cost

Project cost is estimated between \$85 million and \$125 million, contingent on the included improvements which are yet to be determined.

Project Schedule

Alternative Study and Preliminary Engineering	2016 - 2017
Environmental Studies	2017 - 2018
Design and Engineering	2019 - 2020
Begin Construction	2021
Complete Construction	2023
