Eastridge to BART Regional Connector

Draft Second Supplemental Environmental Impact Report
Volume I: Text

Existing Story Road

Proposed Story Station

October 2018
# Table of Contents

Chapter 1  Executive Summary ......................................................... 1

Chapter 2  Introduction .................................................................. 23

Chapter 3  Changes to the Project, Changes in Circumstances, and Introduction of New Information .......... 31

Chapter 4  Alternatives Considered.................................................. 51

Chapter 5  Environmental Setting, Impacts, and Mitigation.. 53
  
  Section 5.1  Transportation ............................................................. 54

  Section 5.2  Environmental Justice .................................................. 69

  Section 5.3  Noise and Vibration ..................................................... 79

  Section 5.4  Air Quality and Climate Change .................................. 98

  Section 5.5  Construction ............................................................... 125

Chapter 6  Other CEQA Considerations........................... 149

Chapter 7  References .................................................................. 153

Chapter 8  List of Preparers ......................................................... 157
Attachment A: Notice of Preparation and Public Scoping with Comments Received
Attachment B: Detailed Description of the Proposed Changes
Attachment C: Detailed Plans for the Proposed Changes
Attachment D: Supplemental Transportation Analysis
Attachment E: Noise and Vibration Assessment
Attachment F: Air Quality Modeling Assumptions
Attachment G: Second Subsequent Initial Study

The Draft Second Supplemental EIR is divided into the following three volumes:

- **Volume I:** Draft SEIR-2 as well as Attachment A (Notice of Preparation and Public Scoping with Comments Received), Attachment B (Detailed Description of the Proposed Changes), and Attachment C (Detailed Plans for the Proposed Changes)
- **Volume II:** Draft SEIR-2 technical materials including Attachment D (Supplemental Transportation Analysis), Attachment E (Noise and Vibration Assessment), and Attachment F (Air Quality Modeling Assumptions)
- **Volume III:** Attachment G (Second Subsequent IS and all attachments)
List of Tables

1-1  Summary of Significant Environmental Impacts and Mitigation Measures.............13
3-1  Rail Crossings for the Approved Project and the Proposed Changes to the Approved Project .................................................................34
3-2  Eastridge Park-and-Ride Lot Anticipated Parking Demand for the Approved Project and the Proposed Changes (Existing [2017] Year, Year 2023, Year 2035, and Year 2043) ..................................................40
5.1-1 AM Peak Hour Historical Traffic Volume Count Comparisons (2009 and 2017) ....55
5.1-2 PM Peak Hour Historical Traffic Volume Count Comparisons (2009 and 2016/2017) ........................................................................66
5.1-3 Existing Intersection Level of Service ........................................................................57
5.1-4 Existing Travel Time and Average Speed on Capitol Expressway, Interstate 680 to Tully Road ........................................................................58
5.1-5 Existing (2017) Station Boarding Estimates ................................................................69
5.1-6 Existing (2017) East San Jose/ Milpitas Trip Mode Split ..............................................69
5.1-7 Existing (2017) Intersection Level of Service ...............................................................70
5.1-8 Year 2023 Intersection Level of Service ......................................................................72
5.1-9 Year 2043 Intersection Level of Service ......................................................................73
5.1-10 Eastridge Park-and-Ride Lot Anticipated Parking Demand and Supply (Existing [2017] Year, Year 2023, and Year 2043) .................................................................74
5.1-11 Station Boarding Estimates (Year 2023 and Year 2043) ...............................................75
5.1-12 East San Jose/ Milpitas Trip Mode Split (Year 2023 and Year 2043) ........................76
5.2-1 Existing (2017) Poverty and Income Status for the City of San Jose and the Study Area ...............................................................................77
5.2-2 Existing (2017) Poverty and Income Status for the City of San Jose and the Study Area ...............................................................................78
5.3-1 Summary of Existing (2017) and Year 2043 Operational Transit Noise Impacts Associated with the Proposed Changes to the Approved Project ........................................81
5.3-2 Summary of Operational Transit Vibration Impacts Associated with the Proposed Changes to the Approved Project .........................................................82
5.3-3 Summary of Construction Pile Driving Noise Impacts Associated with the Proposed Changes to the Approved Project .........................................................83
5.3-4 Summary of Impact Pile Driving Vibration Impacts Associated with the Proposed Changes to the Approved Project .........................................................84
5.4-1 Ambient Criteria Air Pollutant Monitoring Data (2015-2017) ..................................90
5.4-2 Federal and State Attainment Status for Santa Clara County (2018) ......................91
5.4-3 Operational Criteria Pollutant Emissions Increases (Existing [2017] Year, Year 2023, and Year 2043) .................................................................92
5.4-4 CO Modeling Concentration Results at Capitol Expressway and Story Road (Existing [2016] Year, Year 2023, and Year 2043) .................................................................93
5.4-5 Daily Traffic Volume Changes Relative to No Project Conditions (Existing [2017] Year, Year 2023, and Year 2043) .................................................................94
5.4-6 Summary of Operational GHG Emissions (Existing [2017] Year, Year 2023, and Year 2043) .................................................................95
5.4-7 Summary of Maximum Daily Construction Criteria Pollutant Emissions (Year 2019 - 2023) .................................................................96
5.4-8 Summary of Annual Construction GHG Emissions (Year 2019 – 2023) ................97
## Table of Contents

5.4-9  PM2.5 Concentration, Non-Cancer Hazard Index, and Increased Cancer Risk from Construction ........................................ 117
5.4-10 Cancer Risk and PM2.5 Concentrations from Roadway Sources with the Proposed Changes to the Approved Project .................. 120
5.4-11 Cumulative PM2.5 Concentration, Non-Cancer Hazard Index, and Increased Cancer Risk from Construction ................................ 122

## List of Figures

2-1 Proposed Changes to Capitol Expressway Light Rail Project ........................................ 25
3-1 Previously Approved Capitol Expressway Light Rail Project ........................................ 33
3-2 Typical Bicycle Slot .................................................................................................. 37
3-3 Proposed Changes to the Eastridge Station ......................................................... 39
3-4 Proposed Changes to the Story Station ..................................................................... 41
3-5 Proposed Changes to Electrical Transmission Facilities ......................................... 43
3-6 Thompson Creek Trail ............................................................................................ 46
5.2-1 Census Tracts Along the Capitol Expressway Corridor ........................................ 70
