

## 2 Mineta San Jose Airport People Mover

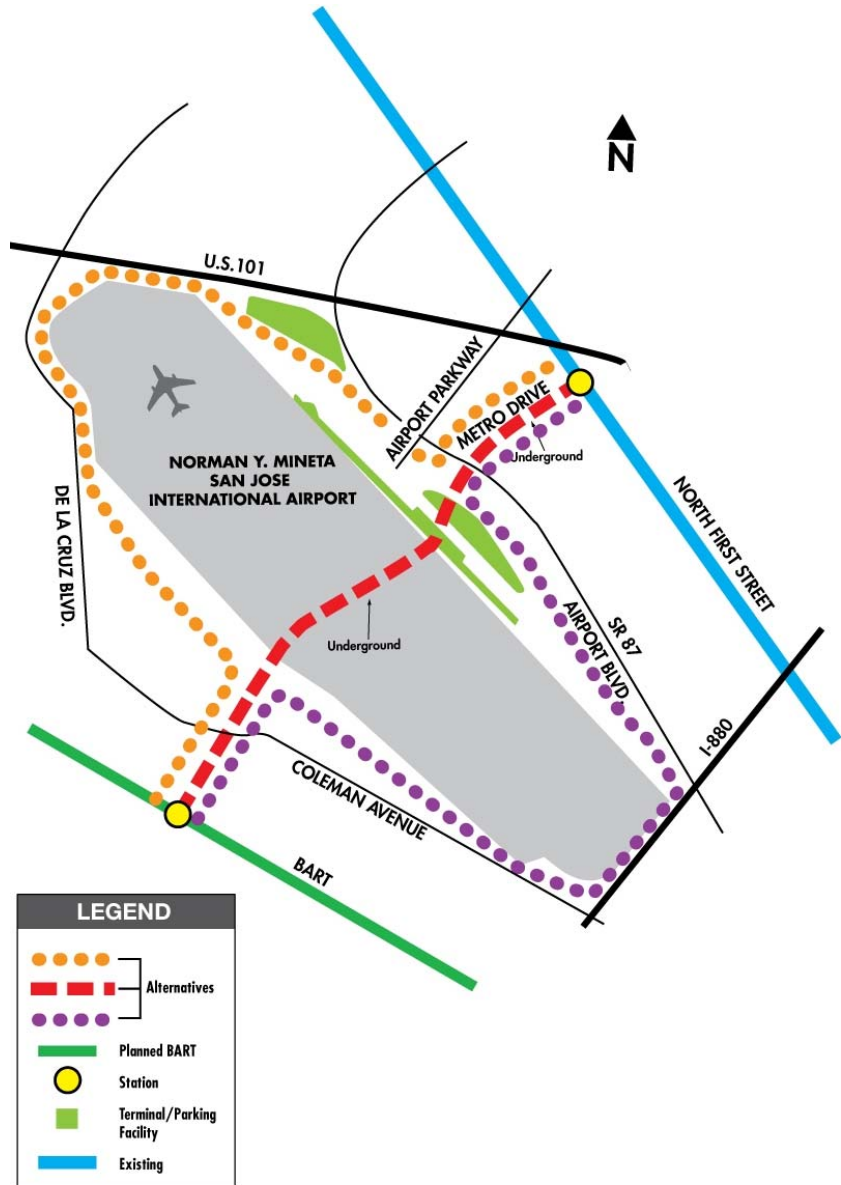

**Estimated Cost:** TBD  
**Secured Funding:** \$4.0 million  
**Year of Completion:** TBD

**Project Description:**

The Airport People Mover Project will provide a dedicated guideway connection from the San Jose International Airport to the Caltrain, Bus Rapid Transit (BRT), and future BART stations at the Santa Clara Transit Center, and the VTA Light Rail on North First Street.

**Project Status:**

The original preferred option, a tunnel under the airport, proved to be cost-prohibitive given both available funds and anticipated ridership. The City of San Jose envisioned a Personal Rapid Transit (PRT) application to meet this need, given its reported low cost to construct and operate. They engaged a team of consultants to lead planning, and a federally funded research center firm, Aerospace, to assess the viability of PRT technology for the Mineta San Jose International

Airport People Mover Connection. The study found that PRT technology is not ready for a public application of this scale.

**Project Cost:**

Project	Total Estimate	Total Estimated Cost (in \$M)			Incurred through Dec 2015 (in \$M)			Status
		Others	Measure A	TBD	Others	Measure A	Total	
Mineta San Jose Airport People Mover (APM)	\$ 2.0	\$ -	\$ 2.0	\$ -	\$ -	\$ 2.0	\$ 2.0	Inactive; on hold
<b>Total</b>	<b>\$ 2.0</b>	<b>\$ -</b>	<b>\$ 2.0</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 2.0</b>	<b>\$ 2.0</b>	

Project cost for future activities will be established once scope is established. Estimate in table refers to actual cost incurred to-date.

**Project Schedule:**

The schedule for future activities will be established once scope is established and funding is secured.
