

**ROADWAY RESTORATION AND TRAFFIC SIGNAL WORK
on N. King & McKee Road Intersection, Partial Lane Closures,
Traffic Signal Deactivation and Sidewalk Closure
(November 27-29, 2017)**

The following work will occur as indicated, weather and conditions permitting.

WHAT	<p>The intersection of N. King and McKee Road in San Jose, CA will be under construction starting Monday, November 27th and ending Wednesday, November 29th. The work involves:</p> <ol style="list-style-type: none"> 1. PARTIAL LANE CLOSURES at a construction zone alongside the intersection of N. King Road and McKee Road. At least one lane will remain open at all times so you can drive through the intersection. Expect an increase in congestion in the area. Use alternate routes if possible. There will be one westbound lane closure on the north side of McKee Road and one northbound lane closure on N. King Road in place through the duration of the work hours 7am to 7pm. 2. The traffic lights at this intersection will be shut down/deactivated all-day on Tuesday November 28, from 7 am to 7 pm in all four directions on both N. King and McKee. Law enforcement from the City of San Jose Police Department will be directing traffic during this time. 3. Minor vibration and noise may be experienced. 4. There will be NO impacts to buses; they will run as normal. 5. Pedestrians will be routed around the construction work. <p>These partial traffic lane closures will run only while work is being performed from 7 a.m. – 7 p.m.</p>
WHEN	<p>Weather permitting, work will take place Monday November 27 to Wednesday, November 29, between 7 a.m. – 7 p.m.</p>
WHERE	<p>The intersection of N. King Rd. and McKee Rd in San Jose, CA</p>
TRAFFIC IMPACTS	<ul style="list-style-type: none"> ▪ The traffic signals/lights at the intersection will not be functioning on Tuesday November 28th. ▪ Partial lane closure at the intersection of N. King and McKee. Vehicles will have access but lanes will be reduced during the construction period. <p>Use caution when traveling through the construction zone; adhere to all traffic information signs and construction or law enforcement personnel directing traffic.</p>

MAP	

VTA’s BART Silicon Valley Extension

VTA’s Bay Area Rapid Transit (BART) Silicon Valley Extension is a 16-mile extension of the existing BART system to San Jose, Milpitas and Santa Clara, which will be delivered through a phased approach. The first phase, the Berryessa Extension, is a 10-mile, two-station extension, beginning in Fremont south of the future BART Warm Springs Station and proceeding in the former Union Pacific Railroad right-of-way through Milpitas, the location of the first station, and then to the Berryessa area of north San Jose, at the second station. VTA continues project development activities for the second 6-mile phase of the project that includes a 5.1 mile-long subway tunnel through downtown San Jose, ending at grade in Santa Clara near the Caltrain Station. Construction on the second phase of the project will commence as additional funding is secured.

If you have any questions, please contact the VTA’s BART Silicon Valley Extension Communications and Community Outreach Office at (408) 934-2662. For additional details, please visit us at www.vta.org/bart, @bartsv or facebook.com/bartsv or subscribe at vta.org/bart/subscribe.
